GRAPES 100% Riesling

VITICULTURE Density of 4.350 Plants/ha
Clay and limestone soils

VINTAGE Manual harvest
End of August until the middle of September

VINIFICATION Careful selection of overripe grapes with concentration of its aroma, being submitted to a very slight pressing.
Fermentation with temperature control systems between 16° C and 18° C.

WINE ANALYSES Alcohol 13,5 % vol
Total Acidity: 6,0 g/l

CAPACITY 750ml

 Golden pale

 Floral bouquet combined with the vibrant aroma of citrus fruits and mineral nuances.

 In the mouth stands out the stimulating citrus notes surrounded by the sweetness of the apricot and discreet spices.
Balanced wine acidity, and a generous and persistent finish.
